ROUND TABLE

«Foods with improved nutritional traits and target groups of consumers»

The event takes place on September 28, 2017, as of 09:00.

The discussions will approach subjects regarding the possibilities to produce foods with improved nutritional traits, which to meet the demands of various target groups of consumers (old people, people with metabolic dysfunctions, etc.). It will also answer the requirements for technical innovation which supports the economic efficiency and the strategic development of the companies producing functional foods. The event benefits of the presence of lecturers highly experienced in this field.

Location: RAMADA PLAZA HOTEL

Address: 3-5 Poligrafiei Blvd, District 1, Sector 1, 013704 Bucharest, Romania
