

PROGRAM

Al 6-lea Simpozion Internațional de Biologie și Nutriție Animală
27-28 septembrie 2007, Balotești, Romania

27 SEPTEMBRIE

Limbi oficiale: engleza si româna (traducere simultană in căști)

Inregistrarea participanților – 8³⁰ – 9⁰⁰

9⁰⁰– 11⁰⁰ Prima sesiune de prezentări orale

Moderatori: Yves Nys, Pierre Galtier, Jean Denis Bailly

Jean Paul Lalles	Franta	Nutritional management of gut health in pigs around weaning
Urubschurov B.	Germania	Yeasts as part of the intestinal microbiota of piglets around weaning
Yalcin Bozkurt	Turkey	Effect of initial weight on feedlot local breed cattle performance in the Mediterranean conditions
Radu Duca	Romania	Zearalenone effects on expression of enzymes involved in the xenobiotics detoxification
Erbil Ersoy	Turcia	Effects of the whole grain, Saccharomyces Cerevisiae and yoghurt on performance and some organ characteristics in Turkeys
Cristina Radu Rusu	Romania	Effects of prebiotic and mycotoxin binder feed supplementation on aged laying hens performance and egg quality
Ismail Bayram	Turcia	Effects of Aniseed (Pimpinella anisum), on egg production, quality, cholesterol levels and hatching results laying quails (Coturnix coturnix japonica)

11⁰⁰ – 11³⁰ pauză de cafea

11³⁰– 13³⁰ A doua sesiune de prezentări orale

Moderatori: Wolfgang Souffrant, Jean Paul Lalles, Mircea Pop

Pierre Galtier	Franta	Molecular interactions between mycotoxins and liver drug metabolizing enzymes
Jean Denis Bailly	Franta	Sphinganine and sphinganine to sphingosine ratio (Sa/So) as a biomarker of dietary fumonisins during chronic exposure of ducks
Kemal Celik	Turcia	Effects of probiotic and organic acid on performance and some tissue in broiler chicks
Robert Pieper	Germania	Influence of inulin and Na-alginate on small intestinal microbiota and morphology
Yanchev I.	Bulgaria	Effect of Zn and Organic Chromium Supplementation on Plasma Cortisol and Some Metabolites Levels in Mutton Charolais Lambs
Ismail Bayram	Turcia	The effects of nonylphenol on growth, egg production and hatching results in the quail

Sadi Cetingul	Turcia	The use of oregano (<i>oreganum vulgare</i>) in quails (<i>coturnix coturnix japonica</i>) 2: The effects of oregano on carcass yield, liver weight and some blood parameters
Jonas Jatkauskas	Lithuania	The effect of inoculation on the fermentation characteristics, aerobic stability and intake of grass-legume silage by dairy cows

13³⁰ – 14⁰⁰ pauză de cafea

14⁰⁰– 16⁰⁰ A treia sesiune de prezentări orale

Moderatori: **Ondrej Kadlecik, Horia Grosu, Dan Dranceanu**

Pavel Janczyk	Germania	Modification of potatoes, by either recombinant DNA technology or conventional breeding, affects their nutritional value for the rat
Kasarda R.	Slovenia	Possibilities of optimisation of Pizgauer cattle breeding program in Slovakia
Kadlecik Ondrej	Slovenia	Inbreeding in purebred Slovak Pinzgau dual-purpose cattle population
Michailidis Georgios	Grecia	Study of some reproductive traits and investigation of the Booroola (<i>FecB</i>) and Inverdale (<i>FecXI</i>) mutations in two Greek sheep breeds
Dolis M.	Romania	Influence of the mulberry tree variety onto the efficiency of the leaf nutrients utilisation by the <i>Bombyx mori</i> larvae
Surdu Ioan	Romania	Design of a software for diet optimization for pigs, in the view of producing meat with controlled fat content
Gudev D.	Bulgaria	Physiological parameters and plasma cortisol in exposed to sun buffaloes
Seregi J.	Ungaria	Traditional animal species and races, protection of origin, up to date raw materials and food products (Possibilities in the genetic management of indigenous animals)
Draganescu C.	Romania	A note on Balkan sheep breeds origin and their taxonomy

16⁰⁰ – 16³⁰ pauză de cafea

16³⁰– 18⁰⁰ Vizionare postere și discuții (ordine alfabetică)

Moderatori: **Ionelia Țăranu, Kozelov Lazar, Stoica Ioan**

Aida Albu	Romania	Evaluation of content with lead and cadmium of feeds used in alimentation of a dairy cows
Badiceanu Emanuela	Romania	Neuropeptidele hipotalamice și rolul lor anabolizant / catabolizant în homeostazia energetică a organismului animal
Balan Sandu	Romania	Few aspects concerning Romanian equine identification in agreement with EU rules
Bezdicek Jiri	Cehia	Comparison between breeding values for milk production and reproduction of bulls of Holstein breed in artificial insemination and bulls in natural service.
Caisin Larisa	Moldova	The use of elementary selenium in the combined fodder for broiler chickens

Chilimar Serghei	Moldova	Furajarea bovinelor din sectorul particular al Republicii Moldova
Ciurascu Carmen	Romania	Efectele produsului „premix mineral pe bază de frite fosfatice cu bioelemente chelatare” asupra performanțelor productive la pui broiler
Cremeneac L.	Moldova	Bioconversia deșeurilor organice prin viermicultivare - una din metodele eficiente de protecție a mediului ambiant
Donica Natalia	Moldova	Influența preparatului “apifitostimulina” asupra masei vii a corpului și a unor indici hematologici la purcei în perioada postnatală
Dranceanu Dan	Romania	Alteration of the histological structure of some organs induced by low levels of DON mycotoxin in weaned piglets
Dufek Ales	Cehia	Effect of different feeding conditions and aging on meat tenderness in bulls
Focșa V.	Moldova	Testarea taurilor reproducători din diferite linii de tip Bălțat cu negru moldovenesc cu utilizarea alelelor aeb-locus
Georgescu Sergiu	Romania	A new PCR-RFLP method for analyzing the Cream locus in horse
Ghita Elena	Romania	Folosirea încrucișării în producerea de lână superfină IV. Caracterizarea metiselor obținute în treapta a treia a încrucișării
Granaci V.	Moldova	Study concerning the contribution of BioR on some blood biochemical and reproduction function indices on the sire boars
Hebean Veronica	Romania	Researches concerning qualitative interactions in pork, due to lipids transformation on forage – animal food chain
Hollo Gabriella	Ungaria	How can we produce healthy beef in Hungary?
Hollo Gabriella	Ungaria	The use of X-ray computer tomography for slaughter value estimation of cattle
Ittu Mariana	Romania	Aspecte ale contaminării primare a graului cu DON în condiții de infecție naturală și artificială cu ciuperca Fusarium
Marandici Elena	Moldova	Survey on indices of spermogramme of boar depending on breeding
Marin Daniela	Romania	Role of boron in counteracting the toxic effects of deoxynivalenol in weanling piglets
Matei Alexandra	Romania	Comparative study on some Romanian & Bulgarian silkworm hybrids with the aim of their introduction in the family sericultural seed farms. Economical characters of the egg & larva
Neata Gheorghe	Romania	Dezechilibre metabolice induse nutrițional la animalele de fermă de carență în biotină
Olteanu Margareta	Romania	Cercetări comparative privind evaluarea calitatii laptelui de bivoltă provenit din diferite zone ale țării
Paraschivescu Marcel	Romania	Trends in Cattle Production Research as Background to European Welfare Policy
Petkova Mariana	Bulgaria	Influence Of The Nutritional Aditive Ovocap On The Productivity In Lactating Cows
Petkova Mariana	Bulgaria	Efect Of Bipro On The Biochemical Changes In Lblood Of Sires

Pop Mircea	Romania	Researches concerning some enzymatic products utilization in chicken broilers feeding
Popovici Daniel	Romania	On the impact of supplementary feeding in honeybee families in winter and spring
Sadi Cetingul	Turcia	Oils and its usage on farm animal's nutrition
Stef Lavinia	Romania	Modificari histologice cecale la puii de carne determinate de fitoaditivi furajeri
Şumanschi A.	Moldova	Starea sectorului zootehnic în Republica Moldova, realizări și perspective
Untea Arabela	Romania	Oportunitatea utilizării spectrometriei de absorbție atomică cu cuptor termal în determinarea plumbului (pb) din oxidul de zinc, utilizat în hrana animalelor
Vamanu Emanuel	Romania	Obtaining pro-biotic biomass from yeasts used for fodder farm animals
Vatasescu Remus	Romania	Analysis of beta-lactoglobulin and kappa-casein genotypes in cattle
Voicu Dorica	Romania	Efectul utilizării rațiilor îmbogățite în oleaginoase (full fat soia, rapiță boabe) asupra producției și calității cărnii de taurine
Voicu Ilie	Romania	Cercetări privind eficiența utilizării proteinei nutrețurilor la caprele în lactație din rasa Carpatină
Zamfirescu Stela	Romania	Researches concerning the influence of passive immunization by antifat serum for obtained the lean carcasses in small ruminant
Zamfirescu Stela	Romania	The morphostructural and physiological changes in rats and kids after acute intoxication with fusaric acid
Zamfirescu Stela	Romania	The methods of "ex situ" genofond preservation on small ruminant in Romania

19⁰⁰– 21⁰⁰ Cina festiva

21⁰⁰ transportul participanților în București

28 SEPTEMBRIE

Limba oficială : engleza

9⁰⁰– 11⁰⁰ Workshop satelit : ***" Integrarea europeană prin participare la proiecte științifice europene "***

Claudia Mosoiu	Romania	Presentation of FAFB - FP 7: first results, call 2A and indicative topics for 2008
Yves Nys	France	Presentation of FP6 RESCAPE project (2006-2009)
Catalin Dragomir	Romania	Presentation of FP6 FeedSEG project (2007-2009)

Discussions: collaboration opportunities, Balkan-specific subjects, ways to approach FP projects

28-29 SEPTEMBRIE (optional)

Excursie: Brasov – Sighisoara – Sibiu – Valcea
